

The background of the entire page is a high-contrast, black and white photograph of water ripples. The ripples are captured in a way that creates a sense of depth and movement, with bright highlights and deep shadows. The pattern of the ripples is organic and fluid, filling the entire frame.

LAKEVU
LIVE BIG ON LITTLE LAKE

Occupied

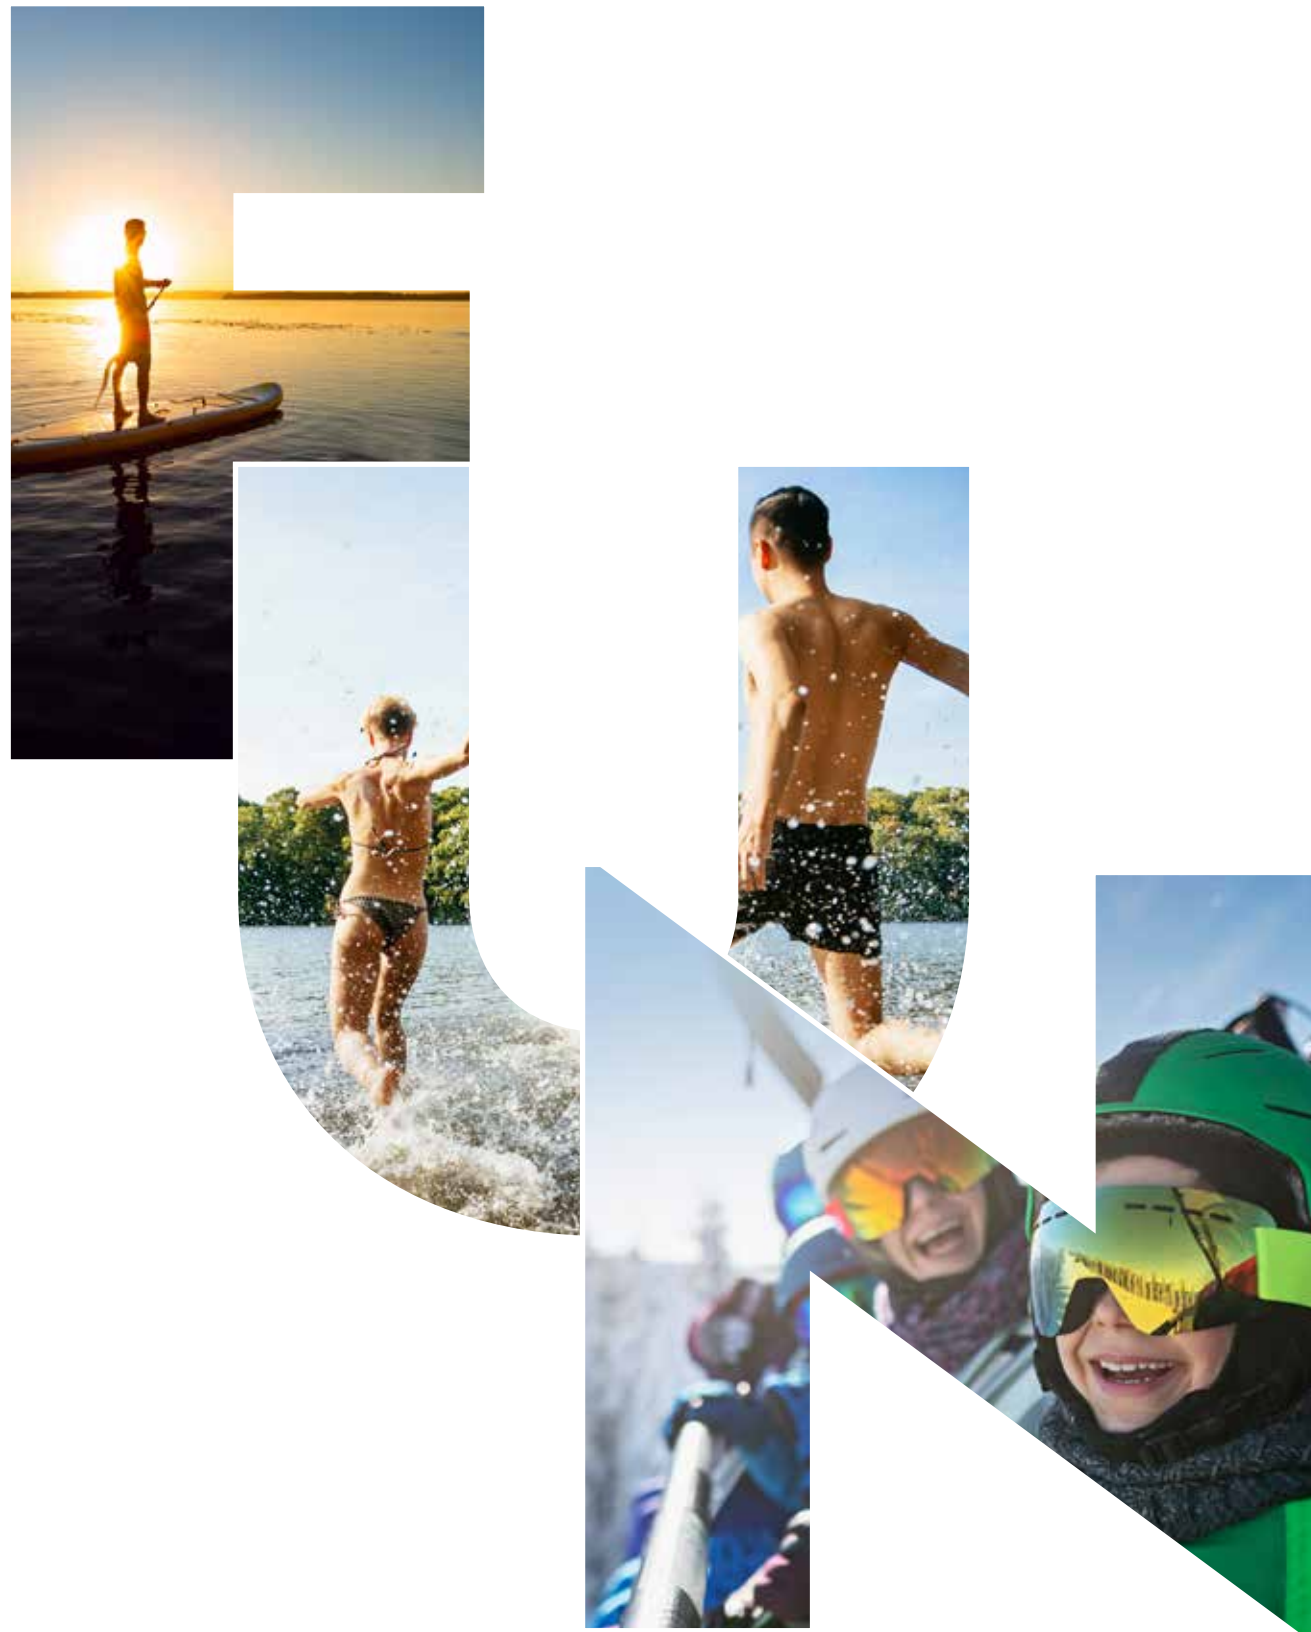

This is what life should be like every day. Contemporary architecture. Stylish suites. Life-enhancing amenities. Breathtaking rooftop views. And the lake right at your feet. All within minutes of everything that makes Barrie one of the most desirable, and fastest growing cities in Canada.

A BIGGER BETTER BARRIE

The perfect balance of lifestyle and intelligent investment is why Barrie is one of the fastest growing cities in Canada. This is where the energy and optimism of the country's biggest metropolis meets the comfortable pace of cottage country. Billions in new investment have solidified Barrie as the Capital of the Near North. And the largest employers are stable industries bringing job security to the local economy. Toronto is less than an hour away with Hwy 400, Hwy 11 and two GO Train Stations. Lake Simcoe Regional Airport serves almost half a million people per year, and with ten local transit lines, you can get where you need to go quickly. Barrie is booming, for so many good reasons.

Barrie is the gateway to cottage country, with acres of parkland to explore. Go fishing, paddling, and swimming on Barrie's incredible waterfront. All your favourite urban amenities are nearby including shops and restaurants, plus live music and Summer festivals. And for Winter fun, there's skiing, snowboarding, and tubing just up the road.

THERE'S SOMETHING DIFFERENT

TO DO EVERY DAY

The waterfront of Lake Simcoe's Kempenfelt Bay is minutes from LakeVu3. But there is so much more to Barrie than its beautiful setting. You'll find festivals like Kempenfest and Ribfest. The MacLaren Art Centre and a host of galleries. The Georgian Theatre, Five Points Theatre, Huronia Symphony, dance, public art, restaurants, live music and great schools including private and Montessori. With local sports, parks, trails, golf and ski hills, there's something happening 365 days a year.

WELLS NES

Kayak or canoe. Fish for bass, perch or pickerel. Hike or bike, snowshoe or cross-country ski in Little Lake Park next door. Skip a stone on the waves. Breathe the fresh wind from the west. And watch the sun set over the water. Life by the Lake is better in every way.

CLOSE TO EVERYWHERE

YOU WANT TO GO

The lake in your backyard is just the start of adventure when you live at Lakevu3. There's fishing and paddling and swimming around the corner. Skiing and snowboarding and tubing just down the road. Acres of parkland to explore. Golf at Barrie Country Club is close by. And a dozen restaurants are within walking distance, from Japanese to Italian and a friendly pub. There's a new plaza across the street with a grocery store, cinema and Tim Horton's. And downtown Barrie is just minutes away.
