GENERAL FEATURES AND WARRANTIES

- Cachet Homes has been building homes of the highest quality for over 40 years and offers a complete customer service program.
- The Taron Warranty Program offers:
 - i. Seven (7) Year protection on structural defects. *
 - ii. Two (2) Year protection on mechanicals and materials including electrical, – plumbing, heating and distribution systems, all exterior cladding, windows, and doors. *
 - iii. One (1) Year protection on workmanship and material defects. *
- As stated by the Taron Warranty's Corporation Performance Guidelines.
- Cachet Homes shall provide all warranties offered by its reputable component suppliers for roofing, hardware, electrical, plumbing, heating, cooling, and mechanical systems, including other key elements, as applicable.
- The Purchaser acknowledges that any features, materials, or decorations contained in Cachet's sales office, marketing materials, artist renderings or model homes may include features, decorations, fixtures and chattels that are not intended to be included in the dwelling and such features, decorations, fixtures and chattels shall not be included in the dwelling or under this Agreement unless expressly provided for herein or in any schedules forming part of the Agreement.
- The Purchaser acknowledges that wood grain, stone, porcelain, or marble finishes and other natural materials to be installed within the Dwelling may vary from Cachet's samples selected in texture, finish appearance and consistency due to the natural composition of these products and therefore agrees to accept all inherent cosmetic variations of such natural products. Should substitution of any colour or material selections specifically chosen by the Purchaser become necessary, the Purchaser will re-select such substitute material from Cachet's standard samples.
- The Purchaser acknowledges that the specifications and finishes in home(s) located at Cachet's other projects may differ from the specifications in model homes and new homes being purchased at the project that is the subject of this Agreement. Cachet reserves the right to substitute materials with that of equal or better quality.
- All interior selections will be made at Cachet's Décor Studio during business hours from Monday – Friday by private appointment. Cachet is pleased to provide a comprehensive décor service program to assist Purchasers in the selection of interior finishes. All interior selections will be made during a private appointment with a Cachet Décor Consultant where standard finishes can be selected, or optional upgrades are available for purchase during the private appointment.
- All references to sizes, measurements, materials, construction styles, trade/brand/industry names or terms may be subject to change or variation within generally accepted industry standards and tolerances. Measurements may be converted from imperial to metric or vice versa and actual product size may vary slightly as a result. All references to features and finishes are as per applicable plan, model type or elevation, and each item may not be applicable to every home. Locations of features and finishes are as per plan or at Cachet's sole discretion.
- Ceiling height may not be as outlined in the features and finishes list in some areas due to mechanical, electrical, plumbing, or structural requirements. As a result, some ceiling areas on each level may be lowered to accommodate those requirements. Some areas may be subjected to the use of bulkheads, boxes, archways or beams and Purchaser agrees to unconditionally accept any and all of the required bulkheads, boxes, archways or beams wheresoever situated.
- Selection of all features and finishes where the Purchaser is given the option to select the style and/or colour, shall be made from Cachet's predetermined standard selections

- All exterior colour packages are predetermined by the vendor per the community architectural control guidelines.
- Featuring wood-framed wall construction, engineered floor joist system with tongue and grooved sub-floor sheathing. Floors are glued, sanded, and fastened with screws.
- The home is fully insulated with the use of fiberglass or mineral wool insulation and energy-efficient spray foam insulation where may be required and in accordance with The Ontario Building Code. Spray foam insulation is used to seal all windows and doors to prevent air infiltration.
- Poured concrete lower-level walls, with damp-proofing and drainage membrane.
- Covered front porches, porticos, or architectural entry details with poured concrete porch slab (as per applicable plan and elevation). Aluminum Railings only where required by Building Code.
- Energy Efficient Low-E Argon colour-matched vinyl casement windows throughout. Fixed and operating panes complete with weather stripping and screens on all operable windows. Lower-level windows are white thermal pane sliders (as per plan).
- Contemporary style metal insulated front entry doors with glass door lights and side lights (as per elevation), complete with front door grip set and security deadbolt.
- Rear Exterior sliding patio door to rear yard (as per plan).
- All exterior doors and windows are fully caulked for energy efficiency conservation and draft prevention.
- Door from garage to the home interior as per applicable plan and installed only if grading permits. Where the grade difference of more than 3 risers exists, the vendor reserves the right to omit the door without credit to the Purchaser.
- Where required, foyer, mud room, and/or side hallway floors may be sunken to accommodate lot grading conditions.
- Quality paneled metal garage door(s) with painted wood frame (as per applicable elevation).
- Garage walls and ceilings of habitable areas are drywalled and taped (concrete and block areas excluded, drywall not sanded or painted).
- Decorative address stone or plaque. (As per applicable elevation).

- Two exterior water taps, one at the garage and one at the rear. Two exterior waterproof electrical outlets, one at the front porch and one at the rear.
- Fully graded and sodded lot (narrow side yards may be finished with granular stone).
- Precast concrete slabs to exterior door landings complete with precast step(s) as required.
- A two-staged Asphalt Paved Driveway (Basecoat and Topcoat). Purchaser shall pay for the Topcoat as an adjustment on Closing.
- Where a rear deck condition is required at the rear patio door due to grading the Purchaser will receive a pressure-treated wood deck with stairs to grade included. (Typically, 4 to 6 risers)
- Where a look-out basement condition is required due to grading, the Purchaser will receive a pressure-treated wood deck from the main level rear patio door with stairs to grade and vinyl casement windows in the rear lower level included in the applicable premium. (Window sizes are determined by Cachet Homes.) (Typically, 7 to 12 risers) (Stairs subject to municipal setbacks and approvals).
- Where a walk-out basement condition is required due to grading, the Purchaser will receive a pressure-treated wood deck from the main level patio door. A vinyl sliding patio door at the lower level, vinyl casement windows in the rear lower level, an additional exterior light and electrical outlet at lower level, additional brick, framing, and insulation included in the applicable premium. (Window sizes are determined by Cachet Homes.) brick, framing and insulation included in the applicable premium. (Window sizes are determined by Cachet Homes.)

- Pre-finished 3" engineered wood flooring in natural varnished finish, on main level areas excluding tiled areas.
- 40oz. broadloom with cushion under-pad to upper floor level, staircase landings, bedrooms and closets. Purchasers' choice of 1 colour throughout inclusive of staircase and landings.

- All interior walls are painted in a choice of 1 colour throughout from the builder's standards colour selections. All paints used are Low VOC latex paint. All interior doors and trim to be painted white with white semi-gloss latex paint.
- Staircases consist of an Oak Veneer stringer in a natural varnished finish and carpeted treads and risers from main to upper level.
- Oak handrails with 3" square newel post and 1 5/16" square oak pickets in natural varnished finish on main and upper level.
- Lower-level staircases are a paint grade Pine staircase with painted handrail.
- Ceramic floor tiles in foyer, main hall, powder room, kitchen, breakfast room, all bathrooms, finished laundry room areas and mud rooms from Vendors standard samples (13"x13" floor tile).
